

It takes the average learner 50 hours to complete one level of a chosen language with the Rosetta Stone Library Solution.

Library Solution If you set aside five 30-minute sessions per week, the average learner would complete a level of their learning in only 20 weeks.

Best Practices & Tips:

- **Practice a little bit every day**
Rosetta Stone recommends 30 minutes in the program a day to keep everything you're learning fresh in your mind.
- **Schedule practice time on your calendar**
This will help you remember to get in those 30 minutes, and ensure Rosetta Stone becomes part of your daily routine.
- **Find a language partner**
This is a great way to practice your new vocabulary together.
- **Immerse yourself in your new language**
Look for opportunities to practice your language skills outside of your Rosetta Stone learning. Listening to music or the news in your new language, reading articles, or watching movies are just a few suggestions.
- **Use the mobile application**
Don't let computer access hinder you from keeping up with your learning!
